Hi All-

UT DEQ is also working with this school district in their FY17 competitive DERA grant. That is what **Ex. 6 PP / Ex. 7(C)** and I had been discussing. As I don't deal with the rebate program, I was unaware that they had been a rebate recipient as

Ex. 6 PP / Ex. 7(C)

Washington County. So I assumed this was the grant in question. Sounds like that may not be the case.

Of course this makes me wonder **Ex. 5 Deliberative Process (DP)**

Let me know what else you need from me.

This bus was funded in our 2016 DERA School Bus Rebates program. I've attached:

1. Application
 - a. They initially listed this VIN incorrectly on the application (see attached email for clarification).
2. Payment Request Form
3. Bus title and registration
4. Scrappage photos (including side profile)
 - a. The VIN in the photo they provided is [Ex. 6 Personal Privacy (PP)]
5. Scrappage letter from the school

We paid them \$250,000 for the 10 bus replacements on 9/1/2017.

Please let me know if you want any additional information (e.g., on the other 9 buses they received rebate funds to replace) or have any questions about how the rebate program works.

Hi **Ex. 6 PP / Ex. 7(C)**

Just tried calling but did not reach you. I'm having a little trouble following as I don't really know the context here. But, we should have original bus info like VIN for our DERA grants and rebates. In most cases, this should also include photos of the side profile of the bus from when it was scrapped (which will often capture the bus number). Marisa should be able to help you with that, but I'm not sure if she's in the office today and it might be quicker to contact the school district.

Hi **Ex. 6 PP / Ex. 7(C)**

Sorry you've gone around in circles a bit on this. If this is a DERA State grant, Utah's Department of Environmental Quality would have received the funds from us and then distributed the funds to their partners on the grant (e.g., Washington County School District). See the following contact info for the Utah DEQ DERA grant team:

Ex. 6 PP / Ex. 7(C)

They should be able to assist you with getting financial information on the final recipients of their State DERA grant funding.

Note: We separately awarded the Washington County School District \$250,000 in September of 2017 through our FY 2016 School Bus Rebate Program. This is not a grant and does not directly involve the Utah state government. If you need more info on these funds, let me know.

No, I don't have that level of detail. The grant funds are awarded to the state and then the participating entities are reimbursed once they submit all the required information.
